|-----------------|------------------------|
| ■ Biodegradable | ■ Environmentally Safe |
| ■ Easy to Use   | ■ Cost Effective       |

### PRODUCT DESCRIPTION

**KEEP OUT OF REACH OF CHILDREN.** Mira Clean #1 is an environmentally safe, biodegradable, non acidic cleaner & degreaser developed specifically for tile, grout, natural & cast stone and masonry surfaces. Mira Clean #1 will handle difficult stains, yet is gentle enough for everyday use. Mira Clean #1 is very effective as an ongoing maintenance cleaner for surfaces previously sealed with the appropriate Miracle Penetrating Sealer/Impregnator. Mira Clean #1 will not harm the polish on polished stone surfaces.

### Sample Testing

Due to the differences of each material, several inconspicuous test patches should be completed to assure maximum performance. **User must determine suitability of the product for their intended use.**

### Protect Neighboring Surfaces

Always protect neighboring surfaces including wood, carpet, metal, landscaping and other non masonry surfaces.

### APPLICATION INSTRUCTIONS

Read entire label and PDS/MSDS before using.

Mira Clean #1 is concentrated and requires dilution. To remove difficult stains such as oil and grease, mix one part Mira Clean #1 with 3 parts hot water (cold water can be used but cleaning action will be reduced). Apply Mira Clean #1 with a clean mop or self-feeding floor machine. Allow the solution to stand for 10 minutes while agitating periodically with the appropriate scrub brush. DO NOT allow solution to dry on the surface. Extract all the dirty remains with a wet vacuum system. Rinse the surface thoroughly with hot water and allow to dry. Difficult stains may require a second application. If area is still dirty after the second cleaning use Liquid Poulitce, Phosphoric Acid Cleaner, Sulfamic Acid Crystals, Porcelain & Ceramic Tile Cleaner, or GCFR (Grout & Concrete Film Remover) as directed.

For general cleaning, mix one cup Mira Clean #1 with 3 gallons hot water following the same instructions as before.

**Heavy Duty Cleaning:** Use Phosphoric Acid Cleaner, GCFR, and Porcelain & Ceramic Tile Cleaner as directed.

### Surface Coating/Wax Removal

To remove existing coatings and/or waxes, use Mira Strip or H2O Strip as directed.

### Water, Stain & Slip Protection

To protect cleaned area from future soiling and staining and increase static coefficient of friction, we recommend applying the appropriate Miracle Penetrating Sealer/Impregnator.

### Color and Gloss Enhancement

To enhance color and gloss use 511 Seal & Enhance, Mira Matte, Mira Shine or Stone Polish as directed.

### Polish Enhancement

Use Marble Conditioner, Mira Dust, Granite Brite, MiraPolish and Tile Brite as directed.

### Mold, Mildew and Bacteria Sanitation

For best results in killing mold, mildew, bacteria and other micro organisms, use Miracle Disinfectant or Miracle Wipes as directed.

### Coverage

Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution left on surface and application methods. Used as directed, Mira Clean #1 will clean up to 10,000 square feet per gallon (927 square meters per 3.785 liters).

### MAINTENANCE

For ongoing maintenance instructions please refer to Miracle Sealants Care Guide. Refer to the Miracle Sealants Product Recommendation Chart for specific product recommendations.

### Storage

Store Mira Clean #1 in the original container properly sealed and unmixed. Stored at 77° F (40° C), Mira Clean #1 will have a shelf life of 12 months. Do not allow to freeze.

### Technical Support

For additional technical support, contact Miracle Sealants Company at 1-800-350-1901 or 626-443-6433 ext. 3013

### Office Hours
